

Merged Periodical Records

Now Available for Firm, Academic, and Government Libraries!

Combining periodical access from Westlaw, Lexis, and HeinOnline onto one Provider-Neutral Record

Eliminate confusing dupes

No more duplicate records for the same periodical title in separate databases. Eliminate the confusion of multiple records for the same title

Provider-neutral bib record

Bibliographic record is neutral with coverage information for each provider in a note in the 856 field

Multiple URLs

Direct-to-resource URL links to all available providers on one record

High-quality & customizable

Our usual high-quality MARC records, error checked and quality controlled. Customize fields, add a proxy, whatever you need to make the records get your users to the resource!
